## 2025 AWSA Poster Contest

Student's Name:	School's Name:
Student's Grade:	Teacher's Name:
Student's Age:	Teacher's Email:
	why wetlands are important. Each student is unique explanation. (This information may factors).

## Formatting guidelines:

Artwork must be 100% hand-drawn on an <u>8½" X 11" white piece of paper</u>. Any medium may be used (i.e. pencil crayons, markers, paint, crayons, etc.) but please refrain from using too much yellow/white/light colour, as posters are scanned and light colours do not reproduce well.

Posters will be judged based on the following criteria:

- The Wetlands and Wildlife knowledge presented is locally accurate
  - Example: Draw a picture of the kinds of wildlife you would see in a wetland if you took a drive out in the country near where you live (e.g. a moose, waterfowl, beaver, etc.)
- General artistic ability
- Use of the whole page of paper. DO NOT leave white space (ie: a border / other blank areas).
